

RECLAIM THE TABLE

Sermon Discussion Guide

Part 3 - Campus Pastors

Let's Recap:

This weekend, our Campus Pastors shared part 3 of "Reclaim The Table." This series has been all about the idea that we were not created just to fulfill tasks and produce results, but that we are designed to do life together, share food, and have real conversations with one another. God's story was meant to be shared that the table, and when we take time to cultivate authentic relationships with people, the story of what Jesus has done in our lives comes out and has an impact on them.

Go Deep:

- How have you been reclaiming the table in the last couple weeks? If so, how has it had an impact on your relationships with family/friends?
- How have you been challenged in this series so far? Has it been difficult in the past to maintain authentic community and connection?
- Why do you think that God seems to value community with each other so much?

Live Out:

God has given us all the power to create change, whether we think so or not. Often, we don't realize just how much our actions and attitude can change the atmosphere of our homes and workplaces. Community is something that we can all create wherever we go, and when we create community we create a space for the love of Jesus to be made known.
