

VISION 2019

Sermon Discussion Guide

Pastor Rob Ketterling

Let's Recap:

This weekend, we took a look at what God did in and through our church in 2018 and looked ahead at what we're believing for in 2019. In 2018, we saw amazing things happen including 4,000 people saying yes to Jesus, \$5.6 million given to Kingdom Builders, a new campus starting in St. Paul, and sending our 103rd missionary.

In 2019, we believe that God is going to continue to make our church healthy. Healthy things grow, so as we focus on being healthier and stronger God will grow His impact through us. We believe that God is calling us to be local and global, to go to the places that no one else will go. We have a responsibility to be a blessing to the Church around the world. In order to be a local and global church in 2019, we will need to be strengthened.

Tune In:

To prepare for our discussion, please read Acts 2:47, Acts 16:5, and Romans 1:8.

Go Deep:

- What inspires you about what God did at our church in 2018?
- Share something that you have vision for in 2019. What do you believe God is going to do in you this year?
- What does it mean to you to be strengthened? How can we play a part in being strengthened as a church this year?

Live Out:

Being strengthened means putting our hope and trust in the one that our strength comes from. This year, as we pursue being strengthened, we're pursuing God because God is the source of our strength. As we begin 2019, we can choose to orient our daily lives in a way that honors and pursues God, chasing the one that gives us our strength rather than the things of this world. God's inviting us into His strength, and it's far greater than our own.
