

KINGDOM CULTURE

Sermon Discussion Guide

Part 1 - Pastor Rob Ketterling

Let's Recap:

How do we move from being believers to being fully-devoted disciples of Jesus Christ? That's the focus of a new 10-week series, Kingdom Culture. As we grab this call to discipleship, extraordinary things start to happen. In fact, we believe being a disciple mean you can have greater creativity, healthier teams in your life a renewed passion, internal peace, and increased clarity in hearing God's voice.

Tune In:

To prepare for our discussion, please read Acts 16:5, Acts 14:21-22, 1 Corinthians 14:4, Matthew 28:18-20, Luke 14:25-33, Luke 6:26, Luke 14:33, and 1 Peter 2:9-10.

Go Deep:

- Have you thought about the difference between believing in Jesus and being a disciple of Jesus? What are those differences?
- Who is someone that models the life of discipleship in your life? How can you encourage that person for his or her example?
- What self-seeking things do you need to let go of so you can live a more intentional life for Jesus?

Live Out:

Following Jesus is more than nodding a head, or raising a hand signing a card or repeating a prayer, though someone coming to Christ can do any of those, following Jesus is not retiring to life as usual, the only difference being that we are now going to heaven. Following Jesus is abandoning trust in ourselves, surrendering all we are and all we have to him, this and nothing else is discipleship. Close in prayer with this vision as a blessing for each person.
