

RIVER VALLEY CHURCH

Church Online – Warm Up Your Voice

Pastor Kirk Graham

Key Points:

- God loves to hear your voice
- Worship is a way we fight spiritual warfare
- Worship builds a prophetic expectancy for things to come

Main Scripture Reference(s):

- Psalm 100:1-5 – Colossians 3:16 – Acts 16:25-26

Discussion Questions:

1. God loves to hear your voice! Why is singing an important part of our relationship with God?
2. Prayer is one way we talk to God but worship is as well. How can you use your worship to grow closer to God?
3. The spiritual atmosphere can change when we listen and sing worship songs. Have you ever experienced a time where you could tell the atmosphere changed because of worship? If you have, share a story for the group.
4. Worship causes us to sing out things that may not be manifesting in our reality now, a healing or receiving peace, but we sing it out loud as a way to prophecy over our future. Why is having a prophetic expectancy through worship important?
