

RIVER VALLEY CHURCH

Generation to Generation

Pastor Lindsay Willis

Key Points:

- Our God is a God of generations
- The truth of the gospel never changes it's just how we present the truth that has to change
- If your thinking isn't being challenged by another generation, you're not growing
- We love one another
- Be curious about each other, Ask questions
- Pursue wisdom together
- Have multi-generational Lifegroups
- What if we did SOAP together across generations (Great resource for reading the bible is bibleproject.com)

Main Scripture Reference(s):

- 2 Timothy 1: 4-5 / Psalm 71:17-18 / James 3:13 / James 3:17-18

Discussion Questions:

1. Are you surrounding yourself with people who are older/ younger than you? How are you seeking wisdom from those who have lived more life than you?
2. How can we love one another better? How can we treat each other with dignity and respect in this day and age?
3. How can you practically pursue wisdom together?
4. Are you currently in a Lifegroup/ single-generation Lifegroup. How are you going to get involved in a Lifegroup / How will you incorporate other generations?
5. Dig deeper, Do SOAP with someone of a different generation. Visit bibleproject.com for resources to help you understand better.
