Living Above the Clouds

Pastor Rob Ketterling

Key Points:

- Clouds move they do not stay there forever
- We are abounding in hope because of who we are in Christ
- You have to live up to the reality of God's word
- You have to watch what you eat spiritually and mentally
- Listen to God's voice only

Main Scripture Reference(s):

- Romans 8:35-39/ Romans 15:13/ Proverbs 4:23/ Philippians 4:8/ John 10:27/ Acts 28:30-31/
Acts 16:25

Discussion Questions:

1. "Clouds"/ situations are temporary, what are things in your life that you need God to take you "above the clouds"?
2. How does your relationship with God currently look like? Are you rooted in the hope of Christ?
3. Are you living up to the reality of God's word or are you giving yourself excuses of why you cannot live up to that? Explain how this has impacted your life?
4. Do you "watch what you eat"? What are you allowing yourself to consume spiritually and mentally? Have you noticed a negative or positive outcome of what you have been consuming?
5. Are you listening to God's voice only or Do you need to reduce the intake of outside voices?
