Anchor Verses - Romans 8:28

Pastor Rob Ketterling

Key Points:

- An anchor verse will help you get through a tough time
- This world is a broken world, yet God is working good from every situation for his followers
- While we might not always see the good in the situation, we need to believe that God is working everything out for the good of those who love him
- God cares about you and is working things out behind the scenes

Main Scripture Reference(s):

Discussion Questions:

1. What is an anchor verse? Do you have any anchor verses that have helped you in difficult times?
2. When God says he will work all things for good, does that mean everything will be easy?
3. What message can anchor you in tough times as a Christian? Why will that message help you?
4. Do you have a story about a time that God worked things out for good when that seemed impossible? What is that experience?
